I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My doctor recommended that I take compounded medication and he recommended a specific formula available by mail. In the past three years that I have followed his advice, my life has returned to normal. I no longer suffer from symptoms of menopause. I hope you will not restrict their availability to me.
